

5. Create a Bar Plot of Alphabet Inc. Trading Volume

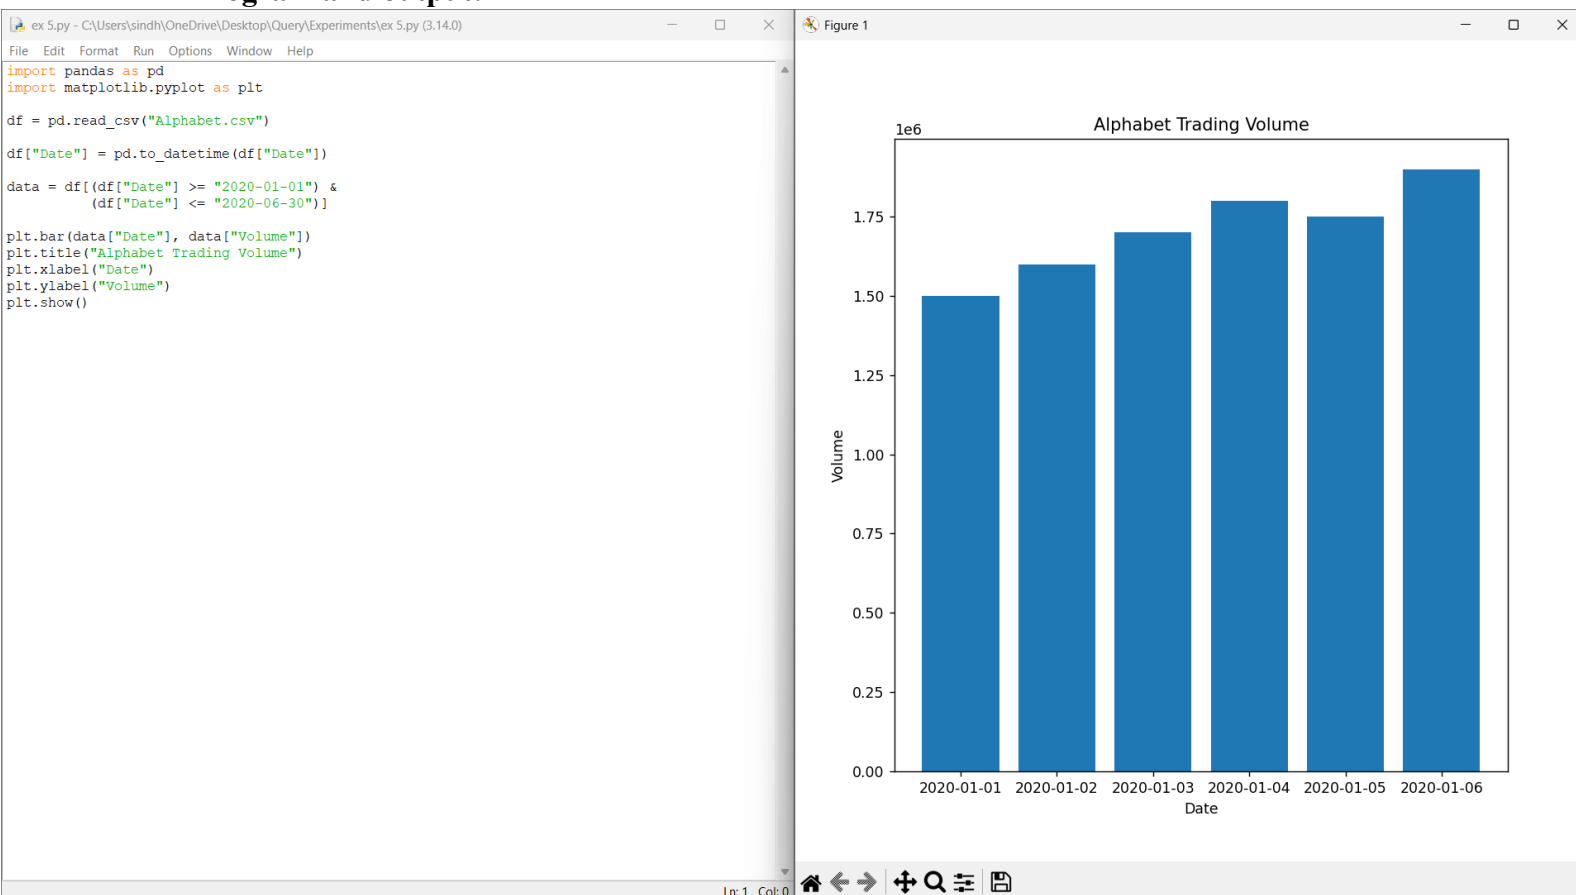

Aim

To create a bar plot of Alphabet Inc. trading volume between two specific dates.

Procedure

1. Import Pandas and Matplotlib.
2. Read the stock dataset.
3. Convert the Date column to datetime format.
4. Filter the required date range.
5. Plot the trading volume using a bar chart.

Program and output:

Result

Thus, the bar plot of Alphabet Inc. trading volume was created successfully.

6. Create a Scatter Plot of Trading Volume vs Stock Price

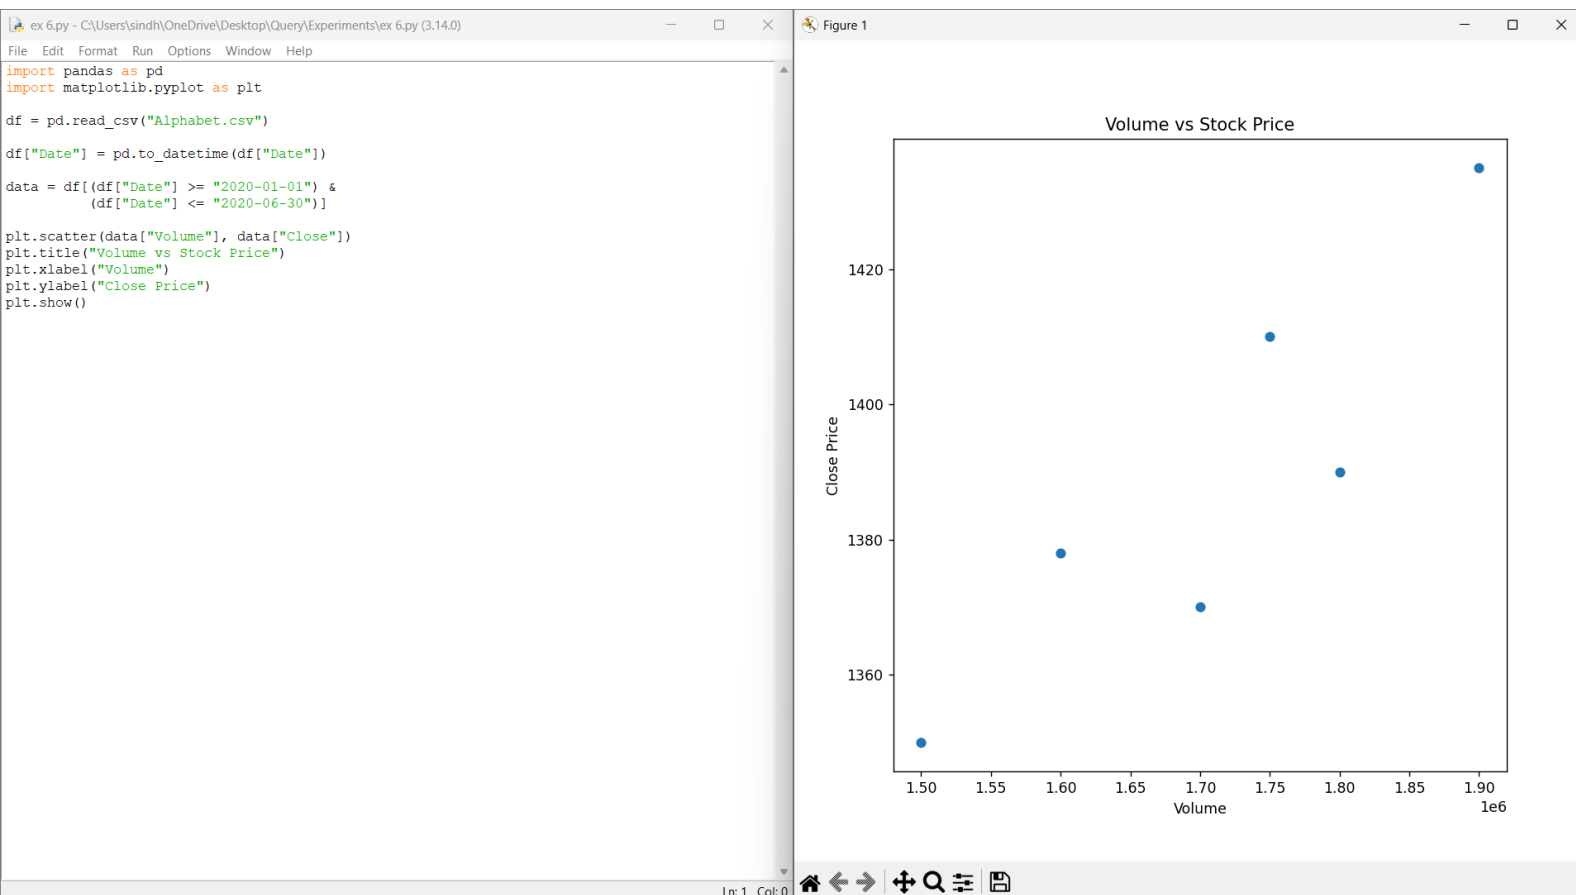

Aim

To create a scatter plot showing the relationship between trading volume and closing stock prices of Alphabet Inc.

Procedure

1. Import Pandas and Matplotlib.
2. Read the stock dataset.
3. Convert the Date column to datetime format.
4. Filter the data for the specified dates.
5. Plot the trading volume against the closing price using a scatter plot.

Program and output:

Result

Thus, the scatter plot of trading volume versus stock price of Alphabet Inc. was created successfully.
